

PRESS RELEASE

Over the summer months the Sudbury-Manitoulin Student Nutrition Program partnered with Childhood-Enfance to send out **\$20,000 of grocery store gift cards** to children in the community. The Sudbury-Manitoulin Student Nutrition Program was able to purchase and distribute the gift cards with the \$20,000 designated donation from Childhood-Enfance.

Childhood-Enfance is a registered charitable organization that provides food for the children of our community. Founded in 1994, each year they raise monies from Delta Bingo and Gaming and other community donations. The monies raised is to provide funding for breakfast, snack and lunch programs to elementary schools. They are a local organization that the Sudbury-Manitoulin Student Nutrition Program works closely with each year.

The Sudbury-Manitoulin Student Nutrition Program provides every child an equal opportunity to eat, learn and succeed. The program currently has 92 schools in the Sudbury-Manitoulin district. The program provides nutritious breakfasts and snacks to children and youth in both elementary and secondary schools. The Sudbury-Manitoulin Student Nutrition Program stayed committed to offering students healthy and nutritious foods during the pandemic and with the generosity of Childhood-Enfance was able to continue that endeavor to provide healthy snacks to the children of the community throughout the summer months.
